

Thunderbird

Accertarsi di aver installato il certificato della CA Dipartimento di Informatica.

Al primo avvio di Thunderbird, oppure dal menu' Edit - Account Settings selezionare la voce Account Action - Add Mail Account... ed impostare i propri dati nella schermata Mail Account Setup.

Quindi premere il bottone "Continue". Thunderbird provvede autonomamente alla ricerca dei server per la posta in ingresso e in uscita.

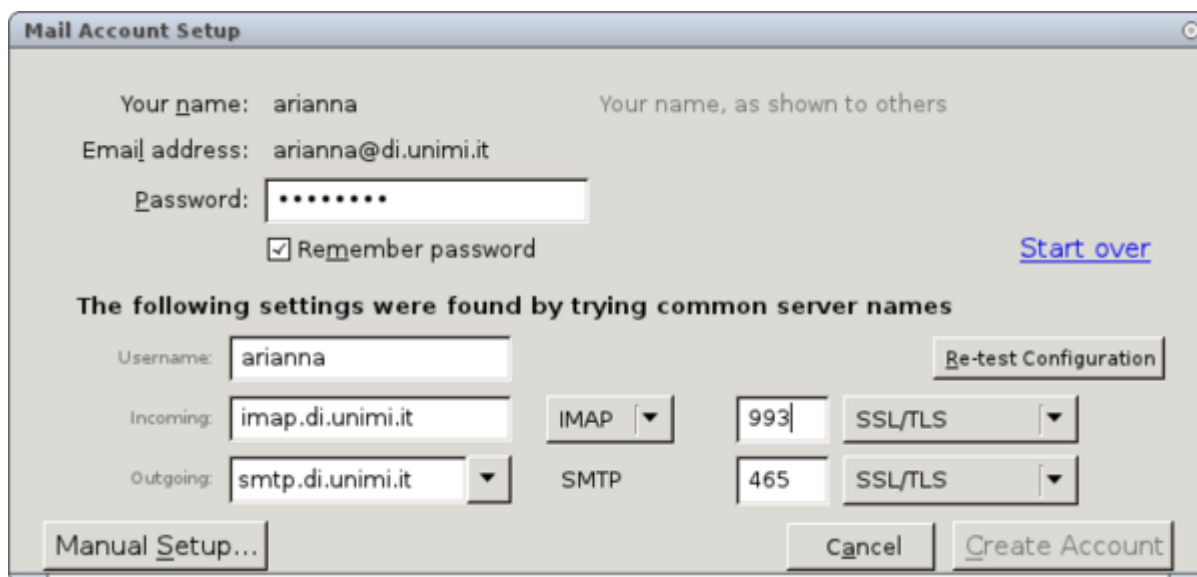

The screenshot shows the 'Mail Account Setup' window in Thunderbird. It displays the user's name as 'Arianna Arona' and email address as 'arianna@di.unimi.it'. The password is masked with dots. There is an unchecked checkbox for 'Remember password' and a 'Start over' link. Below, a message states 'Thunderbird has found the settings for your email account.' The configuration details are as follows:

Direction	Server	Protocol	Port	Encryption
Incoming	imap.di.unimi.it	IMAP	143	STARTTLS
Outgoing	smtp.di.unimi.it	SMTP	465	SSL/TLS

Buttons at the bottom include 'Manual Setup...', 'Edit', 'Cancel', and 'Create Account'.

Queste impostazioni funzionano solo dall'interno del dipartimento. Se si desidera configurare l'account per l'accesso alla posta dipartimentale dall'esterno e' necessario premere il pulsante "EDIT" ed impostare i nuovi valori.

This screenshot shows the 'Mail Account Setup' window with manual configuration options. The user name is 'arianna' and email is 'arianna@di.unimi.it'. The password field is visible with dots, and the 'Remember password' checkbox is checked. A 'Start over' link is present. The message states 'The following settings were found by trying common server names'. The configuration details are as follows:

Direction	Server	Protocol	Port	Encryption
Incoming	imap.di.unimi.it	IMAP	993	SSL/TLS
Outgoing	smtp.di.unimi.it	SMTP	465	SSL/TLS

Buttons at the bottom include 'Manual Setup...', 'Re-test Configuration', 'Cancel', and 'Create Account'.

Selezionare "Re-test connection". La configurazione e' conclusa.

Qualora i server non risultassero sicuri (icone arancioni anziche' verdi) verificare la correttezza dell'installazione del certificato o contattare il servizio assistenza uffici al numero 16364.

Quindi premere "Create Account".
